SKIN CARE COURSE INFORMATION

SKIN CARE COURSE DESCRIPTION

SKIN CARE: ***SOC 39-5094.00, CIP Code 12.0409***

The curriculum involves 600 hours to satisfy New Jersey state requirements. The course includes extensive instruction and practical experience in facials, hair removal, makeup application, customer service, personal appearance and hygiene, personal motivation and development, retail skills, client record keeping, business ethics, state laws and regulations, salon-type administration, and job interviewing.

**Graduates are prepared to be entry level skin care.*

This course is taught in English. Textbooks and Course Materials are only offered in the English Language only.

SKIN CARE COURSE OUTLINE AND OVERVIEW

Course Hours: 600 clock hours

The skin care course consists of 600 clock hours as prescribed by the New Jersey State Board of Cosmetology and Hairstyling. The educational objective of the Skin Care course is to provide the student with training sufficient to pass the State Board exam, to become properly licensed and to perform all duties required under such license, and to secure employment at an entry level. Classes start every three months unless otherwise scheduled. Successful completion of the course qualifies you to apply for the New Jersey State Skin Care License.

During the first 300 hours, your time is spent in classroom work consisting of lectures, demonstrations, hands on practice and evaluations. Upon completion of 300 hours, all assigned work and upon recommendation of the student's instructor, the student will advance to senior status and be permitted to practice on clients. All of the student's remaining time will be spent on practical work, additional lectures, demonstrations, class projects and complete subject review as well as management techniques.

Obtaining an Skin Care License allows the individual to practice all phases of Esthetics including facial massage, body procedures, galvanic current, high frequency current, reflexology, waxing and aromatherapy, and all phases of Make Up Application.

EVENING CLASSES
SKIN CARE: Minimum 300 hours Theory Chapters Completed Makeup Evaluation Assessment Packed Skin Protege Tracking Sheet Completed State Board Application for Permit

SKIN CARE PROGRAM TESTING AND GRADING PROCEDURE

The following tests and grading procedures are used to assess student learning and mastery of course content in the 600-hour course:

1. **Academic Theory tests:** Students must receive a grade of 80% or higher on each assigned lesson plan theory test.
2. **Skin Care Protege written and practical skill exams:** Students must receive a grade of 80% or higher on each written exam and each practical skill exam in order to complete the Core program. The exams are an overview of instruction taught during the Core schedule. All Core written and practical skill exams must be passed with a 80% in order to transition to the Clinic Classroom. If students are unable to pass each exam after two attempts, the student may be asked to withdraw from the program and re-enroll in the next available Core class start date.
3. **Written and practical test:** Students must receive a grade of 80% or higher.
4. **Final written and practical exam:** This test is an overview of all related esthetics subjects (e.g., anatomy, chemistry, etc.). Students must receive a grade of 80% or higher on all final tests.
5. **Practical skill assessment:** The practical skill assessment covers an overview of all theory instruction, New Jersey state law, and other items covered on the state Cosmetology Hairstyling exam. It also covers all phases of New Jersey State Board practical exam. Students must receive a 80% or higher grade on all final tests.

SKIN CARE INSTRUCTIONAL TECHNIQUES AND METHODS

The 600 hour skin care program are provided through a sequential set of learning steps which address specific tasks necessary for State Board preparation, graduation, and job entry level skill. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career-oriented activities. The course is presented through well-developed lesson plans that reflect the latest educational methods. Subjects are presented by means of lectures, demonstration, distance education, and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the course.
